MULTIJET
SURVEYOR

INTRODUCING - Multijet™ *'Surveyor'*

The Multijet Surveyor is designed and built with purpose in mind for the Mining and Resource Industry and its demanding requirements. The Surveyor offers the capability to access remote, geographically challenging areas of the globe, to place key people and equipment at the right place at the right time, efficiently and without fuss, thus complimenting, not restricting, the operational requirements of the resource industry around the world to maximize efficiencies and production.
